

So, it is him?

Claire, please you can't turn him in.

This isn't about what I can't do. How could you be with a man like that, after you found out?

Because, I already loved him.

Well, I'm sorry Rach, I just can't turn the other way. Don't you understand what this is condoning?

Because, I understand what it's condoning, but, you have to put yourself in my shoes, imagine you found out, a year later, after you already knew the kind of man he is inside. Look Claire, I'm, I'm telling you, no he's not a lawyer but he did turn his life around.

You're a smart woman Rachel, but you are making a huge mistake.
